1. Executive Summary

This is the Housing Monitoring Report for Gloucester City for the period 1st April 2015 to 31st March 2016. Gloucester City Council has been monitoring the progress of approved new housing planning applications and allocations since 1989. The report records the following information:

- The status of all sites subject to planning permission for new housing and the loss of housing within the monitoring period.
- The number of new dwellings that have been completed within the monitoring period.
- Loss of dwellings as a result of conversion to other uses.
- Details of the subdivision of existing dwellings.
- Numbers of dwellings which are committed (have planning permission) and are expected to be build post 31st March 2016.

Housing Delivery

- Between 1st April 2015 and 31st March 2016 the gross completion figure for new dwellings in Gloucester was 475.
- In the same period 3 dwellings were lost to other uses or as a consequence of the subdivision of existing dwellings; so between 1st April 2015 and 31st March 2016 the net completion figure for new dwellings in Gloucester was 472.
- The highest rates of completions in the monitoring period were in Quedgeley Fieldcourt Ward with 53.8 % of all gross completions and Westgate Ward with 24.0% of all gross completions in the monitoring period.
- Of the gross completions 321 (67%) dwellings were completed on Brownfield land and 154 (32%) on Greenfield land.
- The average density of housing schemes, (those fully completed) between 1st April 2015 and 31st March 2016 in the City was 52.01 dwellings per hectare.
- There are 2,237 deliverable housing commitments post 31st March 2016.

Joint Core Strategy Context

The following is from Exam 226 JCS Housing Trajectory Update – April 2016

<http://www.gct-jcs.org/Documents/Examination-Document-Library-6/EXAM-226---JCS-Housing-Trajectory-Update-290416.pdf>

As of April 2016 the JCS has an Objectively Assessed Need (OAN) of 33,500 dwellings over the plan period (2011-2031). Gloucester's Demographic OAN is 13,300 dwellings to 2031. Gloucester's need will be provided for through urban capacity within the City and at strategic allocations to the north and east of Gloucester within Tewkesbury Borough. Specifically the need will be met through:

- Completions since 2011

- Deliverable Commitments
- A Windfall Allowance
- Gloucester City Plan Site Allocations
- Strategic Allocations (In Gloucester City)
- Strategic Allocations (also called Urban Extensions) in Tewkesbury Borough, specifically meeting Gloucester's housing need.

This report is Gloucester focused in terms of completions & commitments in the City. The detailed housing trajectory (relating also to the strategic allocations meeting Gloucester's need in Tewkesbury Borough) can be found in the latest version of the JCS Housing Implementation Strategy (HIS) which is available on the JCS website.

Appendix 7. Self Build in Gloucester

Gloucester City Council is committed to supporting both affordable and market housing and is working to make it easier for more people to build their own home should they want to do this.

The Self Build and Custom House-building Act (2015) places a duty on Local Authorities to create a register of individuals and associations/groups who have expressed an interest in Self-build and Custom Build projects and are seeking to acquire serviced plots of land in the authority area, to build homes.

The City Council's self-build register collects valuable information on the demand for self-build and custom house building in Gloucester City and provides information to those who are interested. For details see the below link:

<http://www.gloucester.gov.uk/resident/planning-and-building-control/planning-policy/Pages/self-build.aspx>

Clearly houses which are 'self built' still require planning permission and the small numbers built each year will show up as Commitments and Completions in the same way as houses built by professional builders / volume house builders.

The latest available information (2015/16) for residents of Gloucester City expressing an interest through the register is as follows:

1.	An individual building plot sought for a 3 or 4 bedroom detached family house within 5 mile radius of Gloucester city or Cheltenham.
2.	An individual building plot sought for a 4 bedroom detached family house in Brockworth / Longlevens area.
3.	An individual plot for a 1 or 2 bedroom, single storey, level access dwelling in Hucclecote or similar suburban area of Gloucester or towards Stroud.
Expressions of interest for plots in a 'rural location' or outside Gloucester City's area included:	
4.	An Individual building plot sought for a 3 bedroom detached house in rural location in or near a village or small town.
5.	An Individual building plot sought for a 4 bedroom detached family house in a

	rural location.
