1. Executive Summary

This is the Housing Monitoring Report for Gloucester City for the period 1st April 2018 to 31st March 2019. Gloucester City Council has been monitoring the progress of approved new housing planning applications and allocations since 1989. The report records the following information:

- Housing completions in the monitoring year.
- Housing commitments in the monitoring year.
- Potential future dwellings available through draft plan allocations.
- The loss of dwellings e.g. as a result of conversion to other uses.
- Lapsed or superseded planning permissions.
- Requests for sites via Gloucester's Self-Build Register.
- The 'housing mix' of major completions.
- Numbers of Affordable Homes permitted in the monitoring year.
- Gloucester's 5-year housing land supply position as of 31st March 2019.
- Gloucester's deliverability schedule for sites of 5 dwellings or more.

Housing Delivery

- Between 1st April 2018 and 31st March 2019, the gross completion figure for new dwellings in Gloucester was 554.
- In the same period 10 dwellings were lost to other uses or as a consequence of the subdivision of existing dwellings; so, between 1st April 2018 and 31st March 2019 the net completion figure for new dwellings in Gloucester was 544.
- Of Gloucester's wards, the highest completion rate in the monitoring period was in Westgate with over 47% of all net completions. The next highest was Podsmead with just over 14.5%.
- Of the gross completions, 458 dwellings were completed on Brownfield land and 96 on Greenfield land.
- In Gloucester City there are 2,339 deliverable housing commitments from 1st April 2019.
- 972 dwellings are expected to be delivered as 'City Plan Potential' – through sites to be allocated in the emerging City Plan.

Housing Permissions

- On average over the last 5 years (from 2014/15 to 2018/19) the Council has permitted 684 dwellings per year. In this time period the total number of net dwellings permitted was 3,424 and the net delivery over this same period was 1,171 dwellings. So, this equates to 2,253 dwellings that are 'in the pipeline' and due to be built out in the next few years.

Joint Core Strategy Context

The Gloucester, Cheltenham and Tewkesbury Joint Core Strategy (JCS) was adopted in December 2017. It is now a part of the Development Plan for the JCS area and covers the period from 2011 to 2031. In order to meet the Objectively Assessed Need (OAN), by 2031 Gloucester is required to deliver 14,360 dwellings. A significant proportion of these dwellings will be met through the delivery of a number of Strategic Allocations (Urban Extensions) in Tewkesbury Borough but helping to meet Gloucester's housing need.

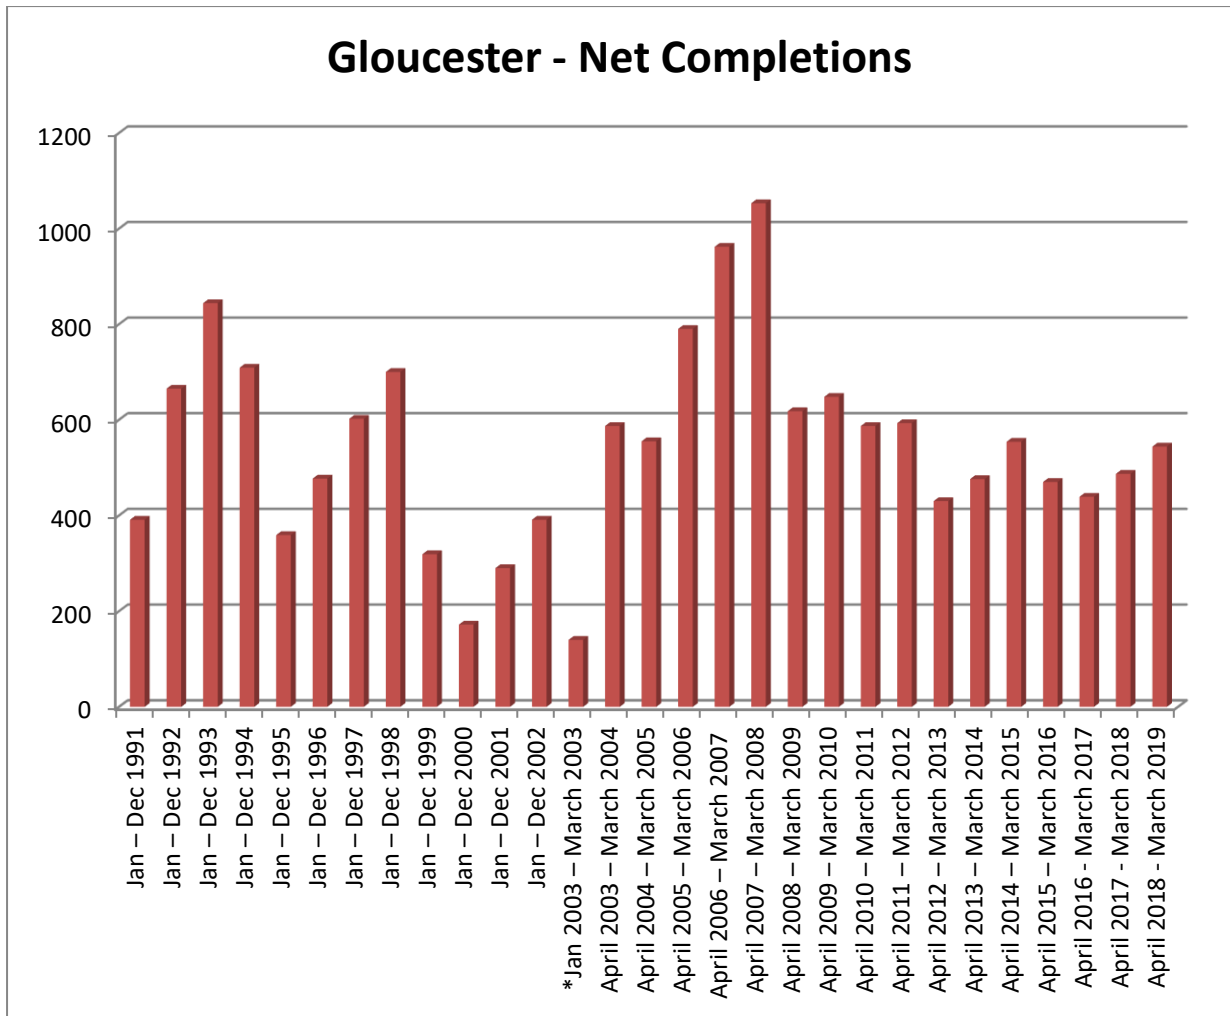

Since the start of the JCS period in 2011/12 there has been under delivery against the 718 OAN. The average annual completion rate (net) for the years 2011/12 to 2018/19 is 499 dwellings. However, there is an expectation that from 2019/20, when the Strategic Allocation start to build out that there will be a few years quite significant over supply which will help to meet the shortfall. In terms of the Strategic Allocations meeting Gloucester's need, outline consents are in place on most sites and reserved matters on some. Brockworth is under construction.

April 2017 – March 2018	487
April 2018 – March 2019	544

*Please note that the low number of completions here reflects the short monitoring period where the annual monitoring was switched from January to March. Also note that due to a data review, the Net Completions for 2011/12 to 2015/16 differ slightly in this table from the previous monitoring report. All the figures in this table, for all years, are now correct as per Gloucester's master spreadsheet/database and the JCS figures adopted in December 2017.

A. Completions – Trend Data

Between 1991 and 2019 the average completion rate in Gloucester was **547** dwellings per annum. The high numbers in the months between April 2006 to March 2008 were due to a large number of completions on the Kingsway development in the south of the city. Since 2011, the average annual completion rate has been **499** dwellings.

B. Dwelling Completions for the Monitoring Year

Gross Dwelling Completions	554
Losses	10
Net Dwelling Completions	544

C. Large & Small Site Comparison

Gross Dwelling Completions Large Sites (10 dwellings plus) (See Appendix 1)	474
Gross Dwelling Completions Small Sites (1 – 9 dwellings) (See Appendix 2)	80

D. Wards with Most Net Completions in 2018/19

Ward	Percentage
Westgate	47.05%
Podsmead	14.52%
Kingsway	11.94%
Barton & Tredworth	9.74%
Other remaining wards combined	16.54%

E. Completions – Brownfield / Greenfield Data for 2018/19

Gross Dwelling Completions Brownfield (See Appendix 1)	491
Gross Dwelling Completions Greenfield (See Appendix 1)	63
Thus over 88% of Completions in 2018/19 were on Brownfield sites	

F. Overall Completions & Commitments

Total Net Completions since 2011/12	3,993
Outstanding Commitments post 31 st March 2019	2,339

G. Affordable Housing Permitted (2018/19)

In this monitoring year, 68 affordable homes were permitted as part of a number of housing schemes. These were either for shared ownership/other low-cost ownership or for affordable social rent. (See Appendix 8 for details).

H. Housing Mix

For major housing development (Net completions in 2018/19) the housing mix has been recorded as per information submitted by applicants in their application forms. (See Appendix 7 for details).

Appendix 6. Self/Custom-Build Register

Gloucester City Council is committed to supporting both affordable and market housing and is working to make it easier for more people to build their own home should they want to do this.

The Self-Build and Custom House-building Act (2015) places a duty on Local Authorities to create a register of individuals and associations/groups who have expressed an interest in Self-build and Custom Build projects and are seeking to acquire serviced plots of land in the authority area, to build homes.

The City Council's self-build register collects valuable information on the demand for self-build and custom house building in Gloucester City and provides information to those who are interested. As of June 2019, there are currently 38 people (with a local connection) on Gloucester's register.

Clearly houses which are self-built still require planning permission and the small numbers built each year will show up as Commitments and Completions in the same way as houses built by professional builders / volume house builders.

The following table records the number of self-built commitments in Gloucester over the last 4 years. Monitoring *was undertaken by interrogating UNIFORM and Information at Work* and by contact with agents.
