The Local Government Pension Scheme Regulations require an Employer to prepare and keep under review, a written statement of its policy in relation to the exercise of its discretion under a number of provisions of the Regulations.

Similarly, there are a number of discretions under the Regulations which although not specifically requiring a written policy, would benefit from employers doing so, thereby demonstrating and ensuring a fair and consistent approach amongst its scheme members

This template document has therefore been prepared to assist employers in preparing a "Policy Statement". A brief description of each discretion has been included together with confirmation of whether a written policy is "Compulsory" or "Recommended".

General Information

In formulating its policies, a scheme employer should have regard to the extent to which the exercise of the discretions could lead to a serious loss of confidence in the public service;

A Scheme employer **must** send a copy of its policy statement to the administering authority (Gloucestershire County Council) and **must** ensure that a copy is published and easily accessible to all of its eligible Scheme employees.

A Scheme employer **must** keep its statement of policy under review and make such revisions as are appropriate following a change of its policy. Where a revision to the statement is made, a Scheme employer **must** send a copy of its revised statement to the administering authority before the expiry of one month beginning with the date that any such revision is made and **must** ensure that a copy is published and easily accessible to all of its eligible Scheme employees.

Notes regarding this document

Together with the description of each required policy, the relevant Regulation is provided, as per the key below.

6. Contribution Banding (Regulations 9(1) & 9(3) (R))

** How the pension contribution band to which an employee is to be allocated on joining the Scheme, and at each subsequent April, will be determined and the circumstances in which the employer will, in addition to the review each April, review the pension contribution band to which an employee has been allocated following a material change which affects the member's pensionable pay in the course of a Scheme year (1 April to 31 March).

*** Where a scheme member is "rebanding", the Scheme employer must inform the member of the revised contribution rate and the date from which it is to be applied.*

Employees who are active scheme members of the LGPS will be assigned each April to the relevant contribution band based on the pensionable pay that they earned in the previous 12 months and any increment awarded on 1 April.

Those employees who join the LGPS during the scheme year will be assigned to the relevant LGPS contribution band based upon their starting annual salary. If an employee does not have an annual salary rate and has not been working for the whole of the previous year (for example those working under a casual contract) they will initially be assigned to the lowest LGPS contribution band.

Gloucester City Council may review and change the appropriate contribution band and rate on any material change in pay during the scheme year.
