Regulation 121A.— Annual infrastructure funding statements (1) Subject to paragraph (2), no later than 31st December in each calendar year a contribution receiving authority must publish a document ("the annual infrastructure funding statement") which comprises the following—

(b) a report about CIL, in relation to the previous financial year ("the reported year"), which includes the matters specified in paragraph 1 of Schedule 2 ("CIL report");

1. Community Infrastructure Levy Matters

Community Infrastructure Levy Regulations (2019 Amendment) Regulation 121A Schedule 2 Section 1

- a) The total value of CIL set out in all demand notices issued in the reported year was **£672,200.27**. This value is of demand notices issued within the reported period that have not been suspended or superseded by new demand notices outside of the reported period.

The total value of Liability Notices (liable floorspace after any relief that has been granted) issued in the reported period was **£672,200.27**. The total value of surcharges imposed due to breaches of the Community Infrastructure Levy Regulations was **£0.00** and the total value of late payment interest accrued was **£0.00**.

CIL collected prior to the reported year

- b) The total amount of CIL collected prior to the reported period totals **£1,031,599.65**. Of this total the following amount was collected in Cash and as Land Transactions (including payments in kind and infrastructure payments) and the following amounts remain unallocated:

Type	Received	Unallocated
Cash	£1,031,599.65	£865,356.76
Land Payment	£0.00	£0.00

From the commencement of charging on the 1st January 2019 to the 31st March 2023, £51,579.98 was used for Administration (5%), £109,989.53 was held as the City Council's Neighbourhood Funding (£70,000.00 of which was allocated in round 1 of the Neighbourhood Funding projects leaving £39,989.53 unallocated) and £44,662.91 was transferred to Quedgeley Town Council as Neighbourhood CIL Funding. The remaining funding includes £825,367.23 for strategic Infrastructure and the unallocated City Neighbourhood funding.

Gloucester City Council works in partnership with Tewkesbury Borough Council and Cheltenham Borough Council to prepare their Local Plan. The currently adopted Local Plan consists of the Joint Core Strategy (JCS) (2017), which is a 'strategic plan' covering all three council areas, and three 'district plans', covering each council's area only. Collectively, these documents set out a planning framework to guide development and infrastructure provision up to 2031.

Following the adoption of the JCS, the councils adopted their CIL Charging Schedules in October 2018, and began charging from the beginning of 2019.

In January 2024, the three partner councils gained agreement to establish a CIL Joint Committee. The Joint Committee will determine infrastructure projects to be funded from the strategic CIL 'infrastructure' funds.

CIL receipts for the reported year

- c) The total amount of CIL receipts for the reported year was **£1,025,830.50**.
- d) The total amount of CIL collected prior to the reported period allocated in the reported period in relation to cash received is **£0.00** and in relation to land payments (including payments in kind and infrastructure payments) is **£0.00**.

CIL expenditure for the reported year

- e) The total amount of CIL expenditure for the reported year was:

Type	Expenditure
Admin CIL	£8,131.90 (raised in 2022/23 reported year)
Neighbourhood CIL	£2,400.00 (reported by Quedgeley Town Council) £0.00 (City Council R59F)
Total Value	£10,531.90

- f) The total amount of CIL receipts, whenever collected, which were allocated but not spent during the reported year was as follows, this does not include allocations made within the reported year that have been fully spent:

Infrastructure	Allocated	Spent	Remaining
None	£0.00	£0.00	£0.00

- g) In relation to CIL expenditure for the reported year, summary details of—
- I. The items of infrastructure on which CIL (including land payments) has been spent and the amount of CIL spent on each item was:

Items of Infrastructure	Date	Amount	Description
None		£0.00	

- II. The amount of CIL spent on repaying money borrowed, including any interest, and details of the items of infrastructure which that money was used to provide (wholly or in part) was:

Date	Amount Used	Loan/Interest	Infrastructure Funded
N/A	£0.00	£0.00/£0.00	None

CIL collected towards administration expenses

- III. The amount of CIL collected towards administrative expenses was **£51,291.53**. This was 5% of the total CIL receipts collected (**£1,025,830.50**) in the reported year. The amount spent (transferred to Tewkesbury Borough

Council as a contribution towards the shared service), raised in 2022/23 but transferred in 2023/24 was **£1,547.37**. When added to the £6,584.53 spent by Gloucester City Council this was 5% (£8,131.90) of the total CIL receipts collected (**£162,638.05**) in 2022/23

The percentage taken may differ due to Land payments (including payments in kind and infrastructure payments) not being allocated to administration expenses and Neighbourhood Areas not receiving a proportion of surcharges and late payment interest.

- h) In relation to CIL receipts, whenever collected, which were allocated but not spent during the reported year, summary details of the items of infrastructure on which CIL (including land payments) has been allocated, and the amount of CIL allocated to each item:

Item of Infrastructure	Amount Allocated	Amount Unspent	Allocation Dated
None	£0.00	£0.00	

When agreeing to establish a CIL Joint Committee, in January 2024, the three partner councils also agreed to pool their 'Infrastructure Funds' with the purpose of delivering those infrastructure projects identified in their joint 'Infrastructure List'. The first meeting of the Joint Committee took place on the 12 November 2024 and the second meeting, in which allocations are to be made, is scheduled for the 30 January 2025.

CIL passed to Quedgeley Town Council

- i) The total amount of CIL passed to — (i) any parish council under regulation 59A (collected on behalf of the neighbourhood zone in cash) was:

Parish/Town Council Neighbourhood Zone	Date Transferred	Amount Transferred

Section 278 Matters

Community Infrastructure Levy Regulations (2019 Amendment) Regulation 121A Schedule 2 Section 4

There are also matters which may be included in the section 106 report for each reported year —

(a) Summary details of any funding or provision of infrastructure which is to be provided through a highway agreement under section 278 of the Highways Act 1980 which was entered into during the reported year?

(b) Summary details of any funding or provision of infrastructure under a highway agreement which was provided during the reported year?

Answer

As a two –tier authority area Gloucestershire County Council will be publishing an Infrastructure Funding Statement and will include details of planning obligations secured in its areas of competence as Local Highways and Passenger Transport Authority. The financial values of these are therefore not included in the matters under **Schedule 2 Section 3 or Section 4** of this report.

Community Infrastructure Levy (CIL)

3. INFRASTRUCTURE LIST

121A.— Annual infrastructure funding statements (1) Subject to paragraph (2), no later than 31st December in each calendar year a contribution receiving authority must publish a document ("the annual infrastructure funding statement") which comprises the following—

(a) a statement of the infrastructure projects or types of infrastructure which the charging authority intends will be, or may be, wholly or partly funded by CIL (other than CIL to which regulation 59E or 59F applies) ("the infrastructure list");

Background

The Joint Core Strategy (JCS) partners of Gloucester City Council, Cheltenham Borough Council and Tewkesbury Borough Council are each both Community Infrastructure Levy (CIL) Charging and Collecting Authorities in their own right.

Regulation 121A of the Community Infrastructure Levy Regulations 2010 (as amended) requires CIL Charging Authorities to produce an annual "Infrastructure Funding Statement". This must include a list of schemes or types of infrastructure (the "Infrastructure List") that the Council intends may be wholly or partly funded from CIL.

The Allocation of CIL

All CIL income must be allocated as follows:

Administration Fund: Up to 5% of CIL can be used for the implementation and ongoing administration of the Charging/Collection Authority(ies).

Neighbourhood Fund: 15% (subject to a cap based on number of existing dwellings in the Parish) rising to 25% in areas that have a 'made' Neighbourhood Development Plan (NDP also called neighbourhood Plans) in place, of each CIL charge payment received, is either:

- Passed to the Parish Council in whose boundary the development that made the payment is located;
- Held by the Charging Authority on behalf of a Designated Neighbourhood Forum, as once they have a made NDP they may direct the spending of their 25%; or
- 15% is retained by the Charging Authority to be spent in the same way as all other Neighbourhood CIL.

Infrastructure Fund: The remaining 70 to 80% must be spent on infrastructure that supports the growth of the CIL Charging Authority's area.

The 'Infrastructure List' relates solely to schemes or infrastructure types that the Charging Authority intends may be wholly or partly funded from the 'Infrastructure' Fund.

The Partnership Approach

The Joint Core Strategy (JCS) partnership of Gloucester City Council, Cheltenham Borough Council and Tewkesbury Borough Council has led to the development of a shared Infrastructure list.

The 'Infrastructure List'

The inclusion of a project on the Infrastructure List does not represent a commitment that the Partners will necessarily spend CIL monies on that item and for clarity, there is no priority implied by the order in which the projects appear in the list itself.

The JCS Partners will continue to review this list and provide updates on at least an annual basis, alongside the preparation of their Infrastructure Funding Statement(s).

Format:

The Infrastructure List is divided into:

- **'Projects Requesting CIL Funding,'** where sponsoring authorities have provided cost estimates for the project; and
- the pipeline of **'Projects Requiring More Work to Identify Costs.'**

The Charging Authorities anticipate those projects with costs identified will be in a more advanced stage of preparation and will be the first to submit bids to secure funding. However this is simply a means of filtering the projects and as more work is undertaken on projects currently in the pipeline, and cost estimates are received, projects will move into the list of projects understood to be ready to bid for CIL funding.

However, to re-iterate, inclusion of a project on the Infrastructure List does not, and cannot due to the gap in funding identified, represent a commitment that the Partners will necessarily spend CIL monies on that item and for clarity, there is no priority implied by the order in which the projects appear in the list itself.

The list has also been subdivided into:

- **'Local'** projects, identified by partner authority area; and
- **'Shared'** projects that will deliver infrastructure to serve more than one partner council's areas.

Prioritisation is within the remit of the **'CIL Joint Committee'** which the partner councils have established to provide governance for the strategic 'Infrastructure' element of CIL. The Joint Committee is responsible for the allocation of an agreed pool of CIL monies collected for the provision of infrastructure using the Infrastructure List to help identify the source of bids for CIL funding.

Responsibility for the neighbourhood element of CIL sits with individual town and parish councils providing funds received are spent within the 5 years permitted.

For information, the Infrastructure List has been updated where new cost data is available and for those where it is not, they have been increased by applying the Royal Institute of Chartered Surveyors BCIS All in Tender Price Index to reflect inflationary pressure over the last year.
