**Decision taken:** To grant Active Gloucestershire £10,000 per year for years 2021/22-2025/26

### **Delegated power used:**

The scheme of sub-delegation allows for the Head of Communities to undertake the following executive function:

To take all steps reasonably necessary for the effective and efficient delivery of services for which they are responsible.

### **Reasons for decision:**

We can move (formerly Gloucestershire Moves) is Gloucestershire's whole systems approach to reducing levels of physical inactivity across the county and is the named delivery mechanism for the Gloucestershire Health and Wellbeing Board.

It was recommended that the whole system support the continued delivery of the We can move work, building on the foundations laid over the first 3 years. The work to reduce physical inactivity levels is more important than ever as we look to reduce the negative and health inequality widening impact of the Covid-19 pandemic.

Changing population levels of physical inactivity will require a generation of effort working at all levels of the system. Through the Gloucestershire We can move approach we have begun to take important steps on this journey. This work in collaboration with partners across the county and delivery on the physical activity priorities.

The total amount required to continue funding this work is £750,000 over the next 5 years (£150,000 per year from 2021/22 to 2025/26)
