

Gloucester City Council's 'Annual CIL Rate Summary Statement'

Approved for Publication December 2025

Introduction

The Community Infrastructure Levy (CIL) Regulations 2010 (as amended) require CIL Charging Authorities to:

"Each calendar year, no earlier than 2nd December and no later than 31st December ... publish a statement ("Annual CIL Rate Summary") in relation to the next calendar year".

Regulation 121C(1)

This 'Annual CIL Rate Summary' Statement sets out how 'indexation' will affect CIL charges within the City of Gloucester from 1st January 2026 to 31st December 2026.

Indexation

Indexation allows the rates charged to be adjusted to take account of inflation.

Whilst the most common index is the Retail Prices Index (RPI), published by the Office for National Statistics, the CIL Regulations require use of an index published by the Royal Institute of Chartered Surveyors (RICS).

Since 2019 the CIL Regulations have required the RICS to publish a 'CIL Index' for 1st November each year and for all Charging Authorities to apply this index.

Calculating CIL

CIL is calculated by multiplying the gross internal area (GIA)¹ applying relevant deductions to generate the net GIA sqm which is multiplied by the relevant CIL rate (£/m²). The CIL rates must be index linked from the year that CIL was introduced to the year that a planning permission is granted.

¹ The definition of gross internal area is not specified in the regulations; however, the generally accepted method of calculation is the RICS Code of Measuring Practice (6th edition, 2015)

Background

Prior to changes in the CIL Regulations in 2019 Charging Authorities were required to use the national 'All-In Tender Price Index', published by the RICS' Build Cost Information Service (BCIS). Changes to the CIL Regulations that came into force on the 1st September 2019 now require, from the Calendar year 2020, use of a new RICS 'CIL Index'.

Along with the other JCS Authorities Gloucester City Council began charging CIL on planning permissions granted on or after the 1st January 2019. As required at the time the Authorities applied the 'All-In Tender Price Index' published on the 1st November 2018 for the first calendar year of charging.

The index is now applied annually on the 1st January each year based on the RICS 'CIL Index' published no later than the 1st November in the previous year.

New Charges

From the 1st January 2026 to the 31st December 2026 rates have been adjusted in line with the RICS CIL Index published for the 1 November 2025.

The table below shows the original charges set for 2019 along with this years (2025) charges and the charges applying the index published on the 27 October 2025 as they will apply in the calendar year of 2026:

- The original charges which were set in Year 1 (2019) - when charging began the index was 322;
- the increased charges in Year 2 (2020) as the index rose by 3.73% to 334;
- the reduced charges in Year 3 (2021) as the index fell by 0.3% to 333;
- the reduced charges in Year 4 (2022) as the index fell by 0.3% to 332;
- the increased charges in Year 5 (2023) as the index rose by 6.9% to 355;
- the increased charges in Year 6 (2024) as the index rose by 7.3% to 381;
- the increased charges in Year 7 (2025) as the index rose by 2.6% to 391; and
- the increased charges in Year 8 (2026) as the index rose by 2.3% to 400.

Charging Schedule

Development Category	All-in TPI 01/11/18	Year 1 (2019)	CIL Index 01/11/24	Year 7 (2025)	CIL Index 01.11.2025	Year 8 (2026)
Gloucester City Council						
10 dwellings and under (including proposed residential extensions of 100 m ² or greater and annexes of any GIA sqm that meet the definition of a dwelling for CIL purposes)	322	£0 per m ²	391	£0 per m ²	400	£0 per m ²
Between 11 and 449 dwellings	322	£45 per m ²	391	£54.64 per m ²	400	£55.90 per m ²
450 dwellings and over	322	£0 per m ²	391	£0 per m ²	400	£0 per m ²
JCS Strategic Allocation B5 Winneycroft (JCS A6)	322	£0 per m ²	391	£0 per m ²	400	£0 per m ²

Note: The Charging Zone rates are rounded to the nearest whole penny.

Publication

Regulation 121C(3) requires Charging Authorities to “publish each annual CIL rate summary” on their “website”. This statement will therefore *be published on-line, alongside Gloucester City Council’s Infrastructure Funding Statement (IFS) no later than the 31st December 2025.*

Contingency

If the RICS CIL Index is discontinued, the Council will revert to using the BCIS Index and in the event that both are discontinued, will use the Retail Price Index.
