Section one Part ten Plan of the Property

In order to license a House in Multiple Occupation, the Council must obtain certain information from you about the property so that it can assess the type of property it is, and what amenities and installations there are.

A plan is the most effective way of providing this information and can very quickly sum up the nature of a property on just one page. Sometimes it takes more but one page is often sufficient.

The Council is not insisting that you have plans professionally drawn although for some people a professionally drawn plan may be the best option. Detailed plans such as those required for a Buildings Regulations application are not required - just sufficient to understand the proportions and layout of the house along with the locations of amenities and fire safety measures.

You may already have some plans of the property drawn for some other purpose. It is perfectly acceptable to use these so long as they show all the information the Council requires.

The Guidance notes to be read in conjunction with this application show you how to go about producing plans for yourself. You may have a friend or relation who could do the job for you so long as you are satisfied that the plans produced are reasonably accurate.

However, the plans are produced, you should ensure that your plans contain all the following:

Please tick the boxes below to confirm all these features are included in the plan:

Address of property	
Date the plan was drawn	
Scale used (e.g. 1:100) or indicate your plan is not to scale. In either case include clear and accurate dimensions of every room	
Clear indication of which floor is which (e.g. ground, first etc.)	
Clear indication of room use and letting room numbers	
Clear indication of positions of windows	
Location of smoke and heat detectors/alarms and other fire alarm equipment	
Indication as to which fire alarms are interlinked or stand-alone and confirmation they are mains powered	
Location of all doors identifying which are fire doors	
Location of all fire blankets and any other equipment associated with the means of escape	
Location of emergency lighting units (where provided)

Section four**Tenancy and Property Management**

Before issuing a licence, the Council is required to be satisfied that the arrangements for managing the property are satisfactory. The following questions are designed to assess the procedures you have, or intend to have in place to ensure good management of the property. An example answer is given alongside each question

Section four Part one			Fire Safety
	Question	Your Answer	Example answer (not necessarily the correct answer)
4.1.1	What arrangements are in place to ensure that fire detection and warning devices continue to work correctly?		<i>All visible detectors checked by manager daily for damage or warning indicators. Every month I test the alarm system to check it is working and can be heard throughout the building. I keep a book on the premises which records these checks</i>
4.1.2	What measures are there to ensure that the escape routes are kept free of obstructions and that the final exit doors are openable from the inside without the use of a key?		<i>I check for obstructions each time I visit and if I find any I warn tenants that they must be removed immediately. If they are not removed I dispose of them myself</i>
4.1.3	What arrangements have been made to ensure that tenants are made aware of fire safety procedures and the proper use of fire safety installations and equipment?		<i>I explain to all new tenants what the fire safety precautions are and how they should be used. I also explain why they are there and why they should not be abused. In particular I explain how to use the fire blankets in the kitchen.</i>
Section four Part two			Gas Safety
4.2.1	What arrangements are in place to ensure that the gas installation and appliances are kept in a safe and good working order?		<i>I have a yearly check done by ABC gas contractors.</i>
Section four Part three			Electrical Safety
4.3.1	What arrangements are in place to ensure that the electrical installation and appliances are kept in a safe and good working order?		<i>I keep an eye on all the electrical equipment myself but have it tested properly every five years by a proper electrician.</i>

Section four Part four**Maintenance & Repairs**

4.4.1	What arrangements are in place to ensure that the common parts (e.g. shared kitchens, stairwells, bathrooms) are kept clean and in good order?		<i>A cleaner is employed to visit and clean the common parts of the property weekly. The cleaner reports any problems and these are acted upon quickly.</i>
4.4.2	Do you have contracts or arrangements with firms or contractors to attend to maintenance work?		<i>No. I can do most of the jobs myself. I will select a contractor if there's a job I can't handle.</i>
4.4.3	Do you have arrangements in place to cover the cost of major emergency repair work (e.g. a central heating boiler) if it became necessary?		<i>I have built in a contingency budget within my business plan for letting my property.</i>
4.4.4	What arrangements are in place to review the general condition of the property and to plan for programmed maintenance work?		<i>I generally have a quick look round every so often and decide if anything needs doing. I have a budget for programmed maintenance of the property.</i>
4.4.5	What arrangements are in place for the storage of refuse before it is collected? How do you ensure refuse is efficiently collected?		<i>I have three "wheelie bins" on a hard standing in the back yard. Tenants empty their bins into this whenever it suits them. I take the bins to the kerbside for emptying every Tuesday. And return them after the bin-men have been.</i>
4.4.6	What arrangements are in place to ensure the gardens, yards and fencing are kept in good order?		<i>I have a good look round at least once a year and do any maintenance needed. I have a bit of a tidy up and stop any weeds growing.</i>
4.4.7	What procedures do you have for dealing with any complaints tenants have concerning conditions in the property?		<i>Obviously I investigate them straight away and arrange to put them right as soon as I can after consulting the tenant.</i>

Section four Part five**Security**

4.5.1	If there are key operated locks on the windows, what steps do you follow to ensure that each new tenant has keys available?		<i>I keep the original keys and I get copies cut if any go missing. I ensure new tenants always have keys. I deduct £5 from tenants' bond money if they cannot return all keys at the end of their tenancy.</i>
4.5.2	If you have an intruder alarm with an audible sounder, what arrangements are there to ensure that activations and false alarms are properly dealt with and that the sounder is silenced within a reasonable time?		<i>The alarm system has been explained to all the tenants. They all have the code to silence the alarm and there's a card by the control panel reminding them what to do. I have given my emergency number to neighbours and</i>

	Mention the procedure to be followed if the alarm sounds when the house is unoccupied		<i>have informed the noise people at the council who they should contact if anyone is annoyed by it.</i>
Section four Part six		Tenancy Management	
4.6.1	Is each tenant provided with a true copy of a written tenancy agreement or a written statement of the terms on which they occupy the property?		<i>Yes, they are all given a copy at the start of their tenancy and further copies are available on request</i>
4.6.2	Is the tenants' rent payable weekly, monthly or over some other term? If weekly, is a rent book provided?		<i>Weekly, but I give my tenants a written receipt for each payment</i>
4.6.3	What arrangements have been made for minimising potential problems between tenants? Such problems might include noise, use of hot water, sharing cooking equipment etc.		<i>I enforce a general rule that no-one can play music which can be heard in other rooms after 11pm. Otherwise most people seem to get on OK.</i>
4.6.4	What procedures do you have to deal with disputes between tenants?		<i>I don't usually have any problems but if I did have a dispute of some kind I would try to involve some independent arbitrator</i>
4.6.5	What procedures will you adopt if you are satisfied that a particular tenant is the cause of anti-social behaviour towards people sharing the property or people living in the neighbourhood?		<i>I would discuss the matter with the tenant and warn them in writing that continued trouble will lead to them being evicted</i>
4.6.6	Do you require a bond or deposit from tenants? Are the terms of the deposit clearly set out in writing?		<i>Yes, I ask for four weeks rent in advance - this is included in the tenancy agreement</i>
4.6.7	Are you a member (or do you intend to become a member) of any scheme which protects tenants' deposits? Give details		<i>I protect tenant's deposits through the correct processes by lodging them with a recognised tenancy deposit scheme.</i>
4.6.8	Do you provide each tenant with an inventory of furniture and items provided?		<i>Yes - and I take photos.</i>
4.6.9	What arrangements are in place to ensure the tenants can contact the licence holder or other responsible person in the event of an emergency?		<i>My name and address is displayed in the hallway along with my mobile telephone number and my brother's phone number if I am not available</i>
4.6.10	Does the property have buildings insurance?		<i>Yes, with Cover U Insurance Company</i>
4.6.11	Does the property have contents insurance		<i>My own contents are insured with Cover U Insurance</i>
