CEMETERIES & CREMATORIUM

Gloucester Crematorium is a place where you can leave a legacy and create a lasting memory of a loved one.

Where treasured memories are kept and your keepsake will become part of Gloucester Crematorium forever.

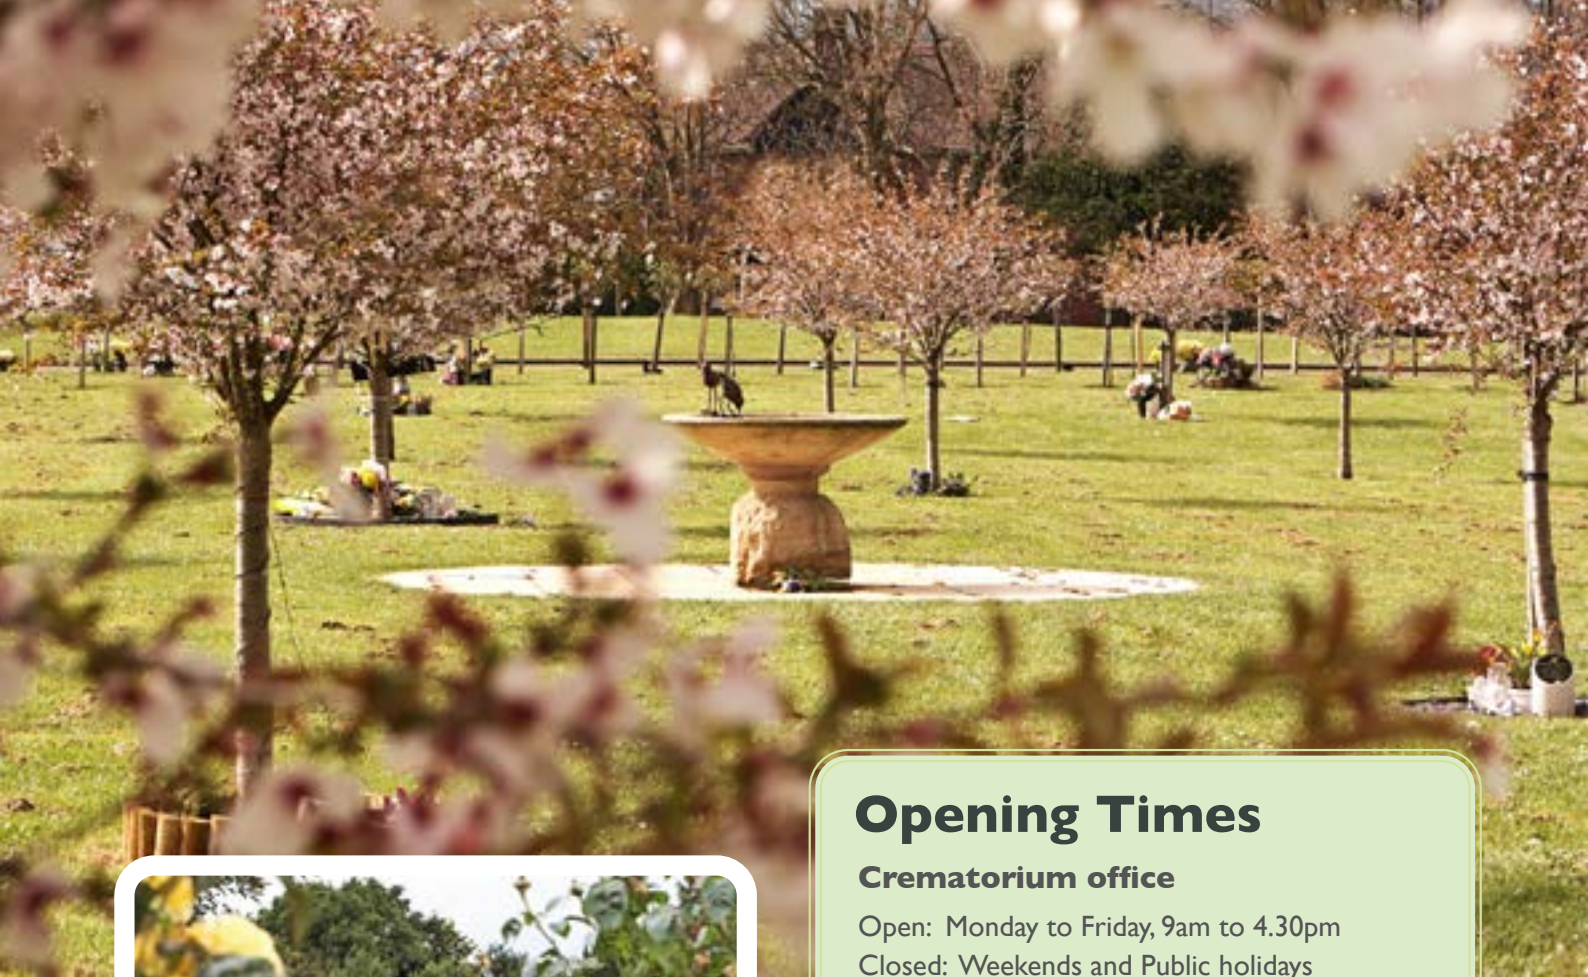

The Crematorium Chapel, Mulberry Wake Room and Willows Tea Room are set in an area of more than 65 acres, planted extensively with cherry and rose trees. This gives a beautiful setting for burial or scattering of cremated remains and for quiet contemplation.

Gloucester Crematorium has adopted the Charter for the Bereaved and aims to provide services to meet the social, ethical and environmental needs of the community. As a compliment to these services, we offer a wide choice of memorials.

Woodland Burial

As part of the Millennium Cemetery, we have created a woodland where loved ones can be buried.

The area is a permanent, protected habitat for wildlife and will encourage plants, insects and birds. The area is left in its natural condition to help attract wildlife and wildflowers.

As part of the green burial, biodegradable coffins are used. There is a wide range to choose from, including: willow, wicker, cardboard and papier-mâché. Solid wood coffins can also be used.

However, they must be made from a sustainably

managed source. Please note: plastic, glass, ceramic or metal urns are not allowed to be placed in the woodland cemetery.

We also offer families the option to scatter cremated remains in our beautiful woodland section if you wish to remember your loved one in a natural environment

Should you wish to purchase a memorial for your loved one, a range of inscribed wooden benches can be purchased from the Cemetery and Crematorium office.
